

Crowdsourcing is basically a way of using social media to receive multiple points of input to a question. The underlying premise, is that there is wisdom in the web of our relationships. I believe that is the case at Central UMC. The members and guests of Central are poets, writers, film buffs, music aficionados, readers, hobbyists, and people whose lives are full of life experience. I am interested in tapping into these interests in preparation for worship and sermons in Lent.

Below, you will find the themes of Lent, along with scripture references, and the names of songs from The Gospel Mass, by Robert Ray, that will be incorporated into our worship services in Lent. Please look over this information, look up the scriptures, and think about something from the arts, the world around you, the environment, or your interests that might correspond with a Sunday. If you would like to share that information with me, please send me an email or call me at the church and let me know your idea. I can't promise that I will be able to use every idea, but I am sure that the wisdom and experience that exists in our congregation can inform me as I prepare for the Sundays in Lent. If you have questions, please let me know. My email address is scotts@centraltolife.org and the church phone is 505-243-7834. Thanks so much!
